

THE CITY OF CAPITOLA PROPOSED HERITAGE TREE LIST

The proposed Heritage Tree List is part of the new Community Forest Management Ordinance being developed at this time. The purpose of a Heritage Tree List is to identify and protect significant trees within a community. Community involvement in developing the Ordinance with a Heritage Tree List is critical to its success, and the City is now at that final stage in its ordinance development.

Below is a list of proposed Heritage Trees to be included in our prospective ordinance. The trees on this list were initially proposed by a group of volunteers, and private individuals after a Citywide survey, and then reviewed by staff. The list was then presented in a community workshop in September 24, 2002, and two or three more trees were added. The Workshop Ranking represents the number of people at the September workshop who believed that a particular tree was the most significant.

The draft ordinance has been approved by the Planning Commission, but is still to be submitted to the CC for approval and adoption.. At this time only 10 percent of the trees nominated have property owner's support. Please review the list of proposed Heritage Trees, and let us know if we have your support. Also, if you believe that a particular tree should be on the list but is not let us know that too. The best bet to get your information to the City is by contact Patrizia Materassi, Community Development Director. There are three ways to do this:

1. You can email us at pmaterassi@ci.capitola.ca.us
2. You can send us a letter or post card via U.S. Mail to: Patrizia Materassi, Community Development Director, 420 Capitola Ave., Capitola, CA 95010
3. You can call Patrizia and leave a message at 475-7300

Please let us know what you think about the Heritage Tree List . Your point of view is important.
